

LIZ SMITH

TENNIS PRO

From Small-Town Courts to Coaching Champions

Born and raised in rural West Tennessee, I didn't pick up a tennis racquet until the age of 12—but from the moment I stepped on the court, I was hooked. Despite limited access to the sport, I earned a spot on my high school team and finished my senior year ranked in the top ten in the state. That passion carried me to Kentucky Wesleyan College, where I competed at the NCAA Division II level and earned a degree in Fitness and Sports Management in 2021.

My coaching journey began unexpectedly in 2020 when COVID-19 cut my college season short. Back home, I started working with local high school players—and quickly realized that helping others grow their game was my calling. Today, I'm a full-time tennis and pickleball professional, RSPA certified, and based in Florida. I've coached athletes of all levels—from beginners to college prospects—and my mission is to build beaming, well-rounded players through a positive, engaging, and growth-focused environment.
